## Other ping and traceroute information

Saved From: https://www.pingman.com/kb/article/other-ping-and-traceroute-information-38.html

## Question

Wow! I can't get enough of this traceroute and ping business. My mind hungers for more knowledge. Got any web links where I can read up?

## Solution

Sure thing. We've got a few links in our <u>Related and interesting links</u> page of the PingPlotter manual, including <u>The Ping Page</u> and <u>The History of Ping</u>. If your dreams are still haunted by visions of ping you can see a ping packet decode <u>here</u>, learn about the <u>inventor of ping</u> (who sadly <u>died in a car accident</u> in November of 2000) and of course visit our <u>How PingPlotter Works</u> page from the PingPlotter manual.
